

[Hands making dreams come true]

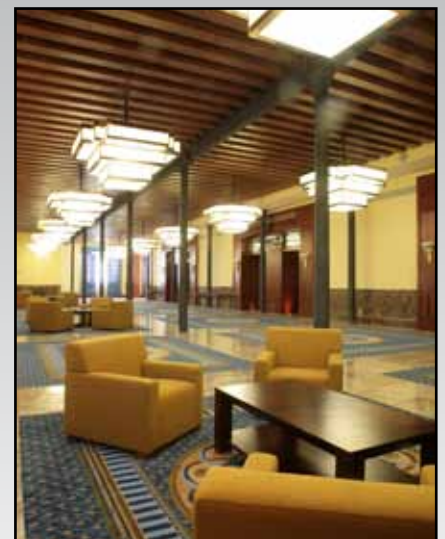

A craftsman's soul in an international enterprise
The high handicraft quality is combined with the organisational ability and the excellence of materials used. Experience and professionalism blend to shape any material with the elegance of the best "made in Italy" style: the Hilton Molino Stucky in Venice is one of the best realizations to show what Vitrani is capable of.

From design
to turnkey implementation
"Total Interiors"
*it's an overall advice:
from design to installation.*

**Efficiently
and highest professionalism**
*To assure quality
and meet delivery deadlines,
always and anywhere in the World.*

**In Vitrani every production
is unique and tailor-made**
*In Vitrani every production is unique and
tailor-made. Every department works
with the highest creative, technical,
and manufacturing standards
on the Italian and international markets.*

[**VITRANI**]
